A bit of history...

The history of our school dates back to the second half of the 19th century. The first mention of its creation dates back to 1864. During the II World War, the Polish school in Olchowce ceased to exist.

It resumed its activity in 1944.

Its first director was Leopold Bielawski.

A bit of history...

In 1987 the school moved to a replacement building.

In 1998 it was named after John Paul II.

For many years, efforts were made to build a new school. On October 15, 2001, children crossed the threshold of the newly built school in their district.

Pupils...

Our school is attended by children between the ages of six and 15.

The youngest children attend the kindergarten ward.

Education from the first grade onwards is divided into two stages.

Stage I (classes I-III)

- this is integrated education.

Children learn about integrated knowledge,
They learn about Polish language,
Mathematics and English language, Computer
science and Religion.

Pupils...

II stage (Classes IV to VIII)

Students take part in lessons of Polish and English subject matter, German language, Mathematics, Biology, History, Physics, Chemistry, Music, Art, Technology, Computer science, Physical education and Religion.

There are also classes with extended English language at school, Mathematics and Robotics.

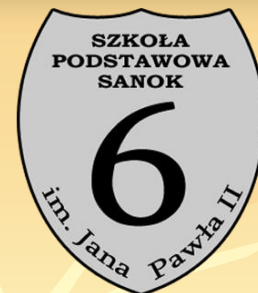

Our students include children with special educational needs, We organize special compensatory and revalidation classes for them.

Teachers...

There are 23 teachers working at our school. In addition, there are 3 teachers of the common room, librarian, pedagogue, psychologist, speech therapist, as well as specialist teachers conducting individual classes with children with special educational needs and supporting their education.

We take care of our traditions ...

Our school has his own ceremonial.

We have the banner and logo of the school.

The vow of school leavers

the first-grade fit for school students

One of the most important school's tradition is:

- the first-grade fit for school students,
- the vow of school leavers,
- the organisation of formal academies
- on the occasion of national holidays.

We remember about our Homeland ...

Our school cares about patriotic education
We teach about the history and traditions of our nation.
We remember about important historical anniversaries.
Every year we organize solemn academies on the occasion
of the Independence Day.

100th anniversary of Poland's regaining independence

The school Patronage Day ...

The School Patronage Day is the most important event in every school year.

During the ceremonial academy we recall the life and activity of John Paul II.

We also participate in the Holy Mass

On this day we offer ourselves
creams cakes - the favourite cake
of our pope.

When Christmas comes ...

It is a tradition of our school to visit Santa Claus and a spectacle of Christmas Eve. School corridors and classrooms are full of Christmas decorations, colourful Christmas trees, angels and stars....

When Christmas comes...

We teach the principles of democracy...

We want our students to be active and responsible citizens of their own country. The School Council operates in our school. We organize democratic elections.

We have our own representative in the Sanok Youth Council.

Our students took part in the Children and Youth Parliament.

We develop talents and passions ...

Recitation contest

English language
contest

IT competition

Teachers prepare many competitions.
Their aim is to develop interests and motivate students to learn.

We want to be environmentalists ...

We take many actions to promote environmental protection: we teach about ecology, we organize many competitions and ecological projects, we take part in the Clean Up the World action, we organize Earth Day.

We like sport...

Students of our school have a lot of sport successes

Polish Scouting Association

For many years now, our school has been operating
The team of the Polish Scouting Association.

We like having fun...

The tradition of our school is a wonderful carnival balls for the youngest students.

They're full of lovely princesses, fairies and mysterious knights...

We organize trips...

For our students we organize trips. The aim of those trips is to get to know the nearest region And other polish cities..

We organize a healthy eating day...

The school takes care of health promotion and shaping proper eating habits.

Every year we organize a Healthy Eating Day, during which students prepare healthy snacks.

We organize The Healthy Eating Day...

Szkoła Podstawowa nr 6 im. Jana Pawła II w Sanoku

We promote the talents of our students...

It is a tradition of our school to organize a "Talent Day Show", which usually takes place on the first day of Spring. The students can present their talents and passions during a special concert.

Volunteering

There is a voluntary group at our school which organises many charity events. We help children, the sick and the disabled people. We participate in the Great Orchestra of Christmas Charity. Every year we prepare a "Noble Packet".

We cooperate with UNICEF

In the school year 2018/2019 we organized a winter concert during which we auctioned dolls made by our students.

The income from the concert was donated for the purchase of vaccines to save the lives of children in the poorest parts of the world.

Prevention and education ...

We implement many educational programs and projects.

Among them there are the following programmes like:

health care, addiction prevention, prevention and safety.

We teach children first aid and appropriate behaviour in life-threatening situations.

Prevention and education ...

We take part in the World Autism Awareness Day.

Classes in the school common room...

We provide pre and post-school care for students. The school common room is open from 6:30 am to 8:00 am and until 4:30 pm after school.

We organize...

The Day of
Multiplication tables

The Day of
foreign languages

The promotion of readership...

Young readers
and their favorite
books' heroes.

An important element of education is the promotion of reading. Our school has a school library, which organizes many competitions and reading projects.

After classes...

Students can develop their passion and interests by participating in extracurricular activities, innovations and subject circles.

We have extra classes, for example: artistic, musical, theatrical, historical, sporting, mathematical, English classes.

Marakasy

We have run Marakasy Music Band in our school. They are very successful in their work. They have won many prizes in different contests and festivals.

Our school...

The school has
Ten classrooms,
the computer room,
the gym hall,
the library
the pedagogue's office,
the nurse's office
and a dentist

Our goal is,
that our children can learn
in the pretty and good
equipped classrooms.
We want the school corridors
to look joyful
and child-friendly.
Next to the school there are
sport fields and a playground.
