

# The Art around us

Project implemented as part of the after-school club activities

**Erasmus+**

## Project objectives:

- developing inventiveness, imagination and creativity
- improving manual skills
- shaping pro-ecological attitudes

## Winter Eco-outfits 2021

As part of the Erasmus+ programme, children from Group II took part in the project "The Art around us".

The classroom turned into a fashion designer's workshop. Pupils with great commitment designed outfits from eco materials.

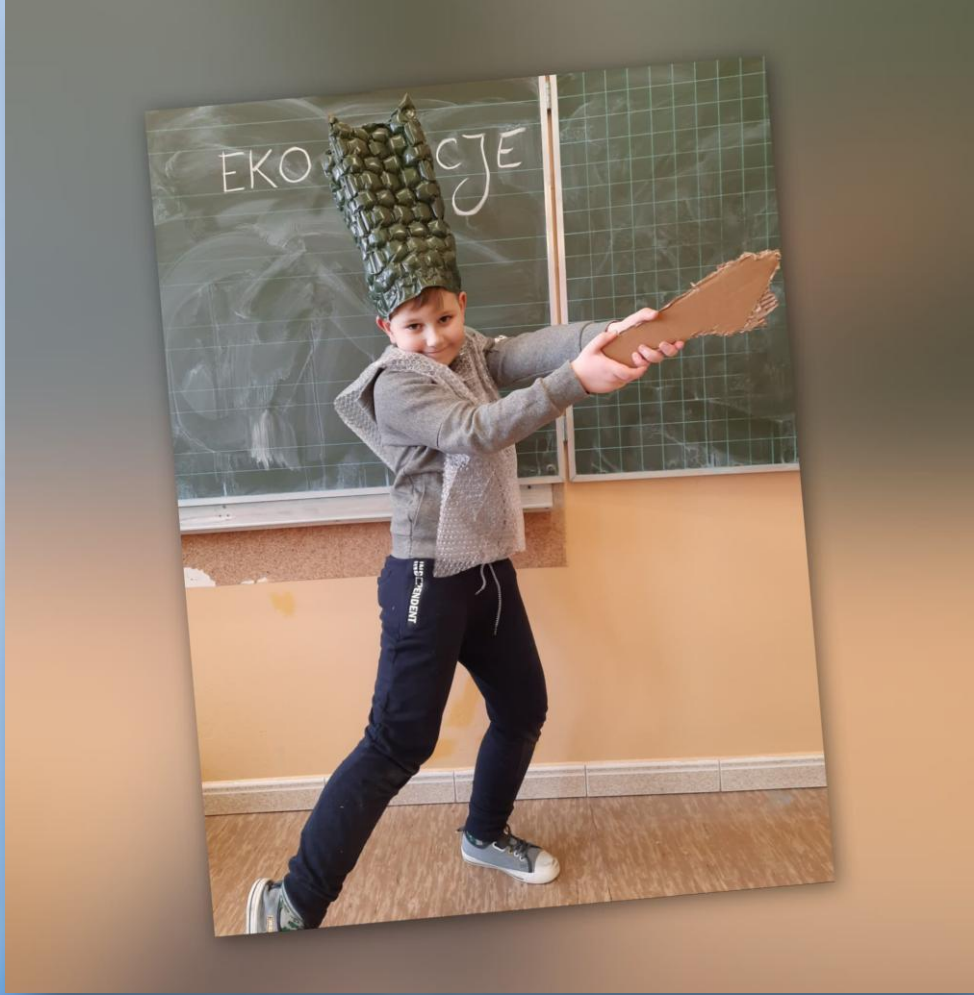

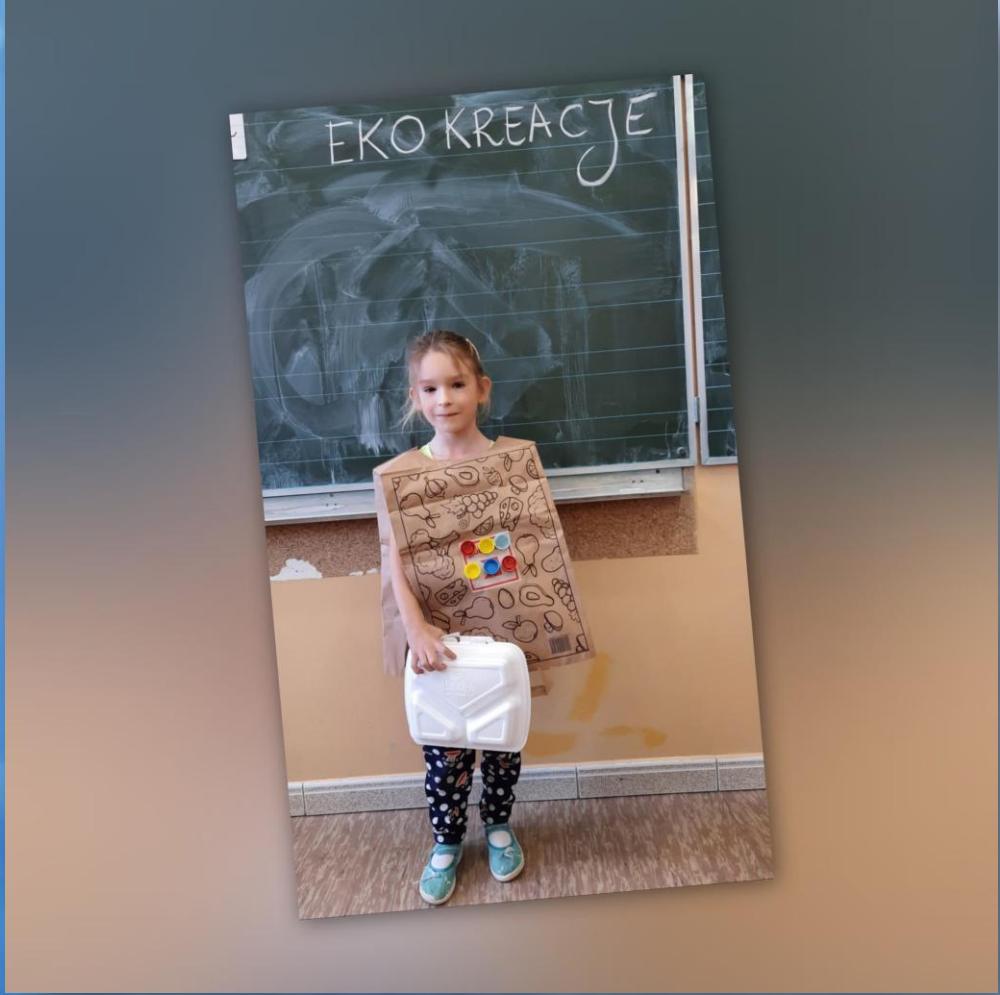

## Eco-outfits

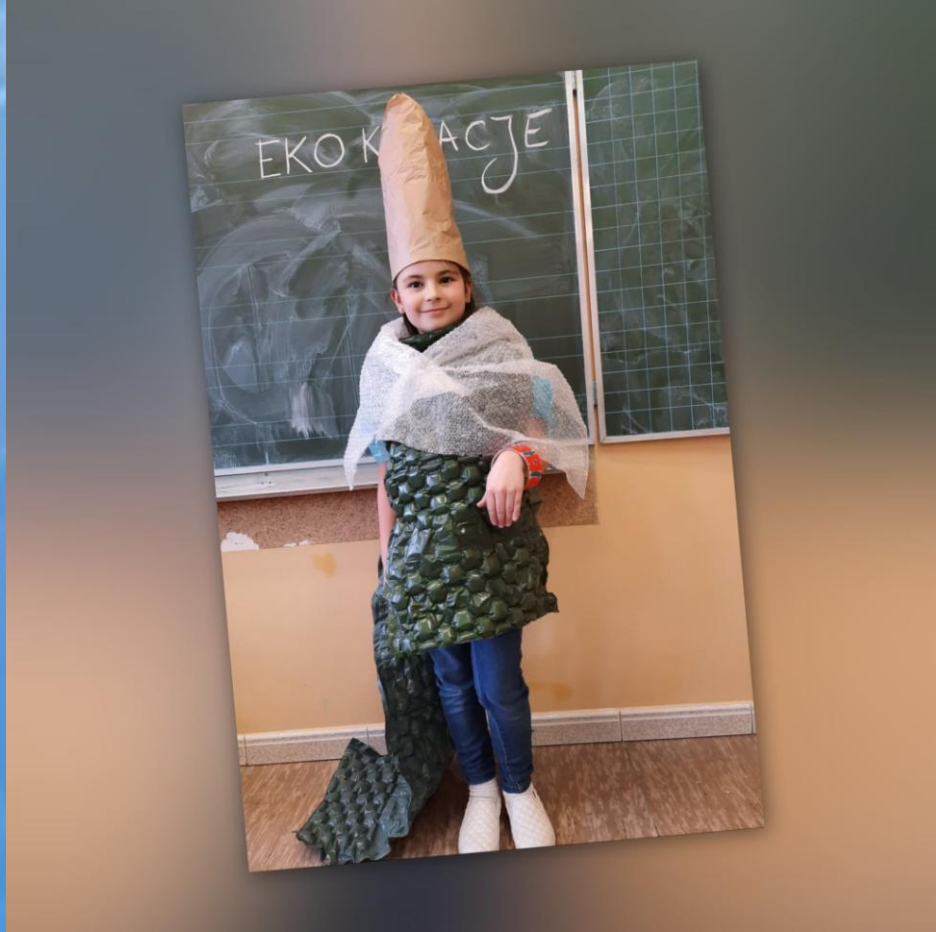

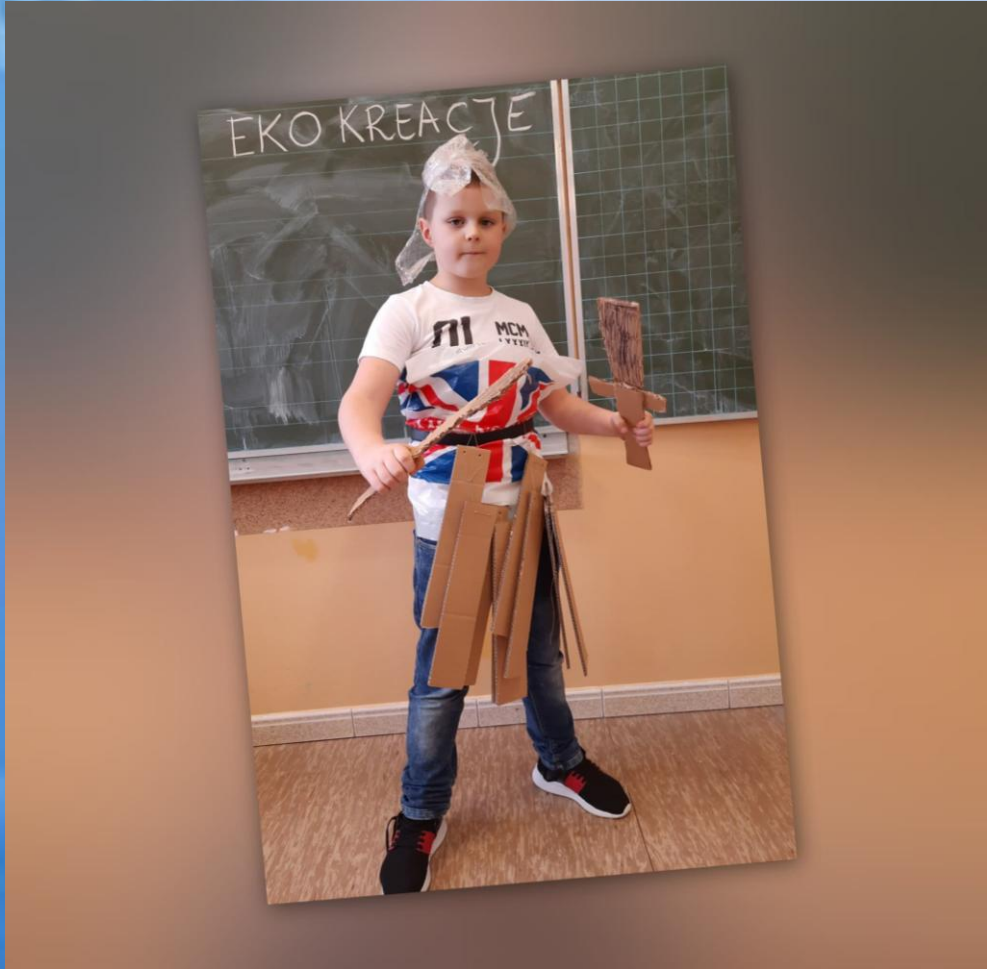

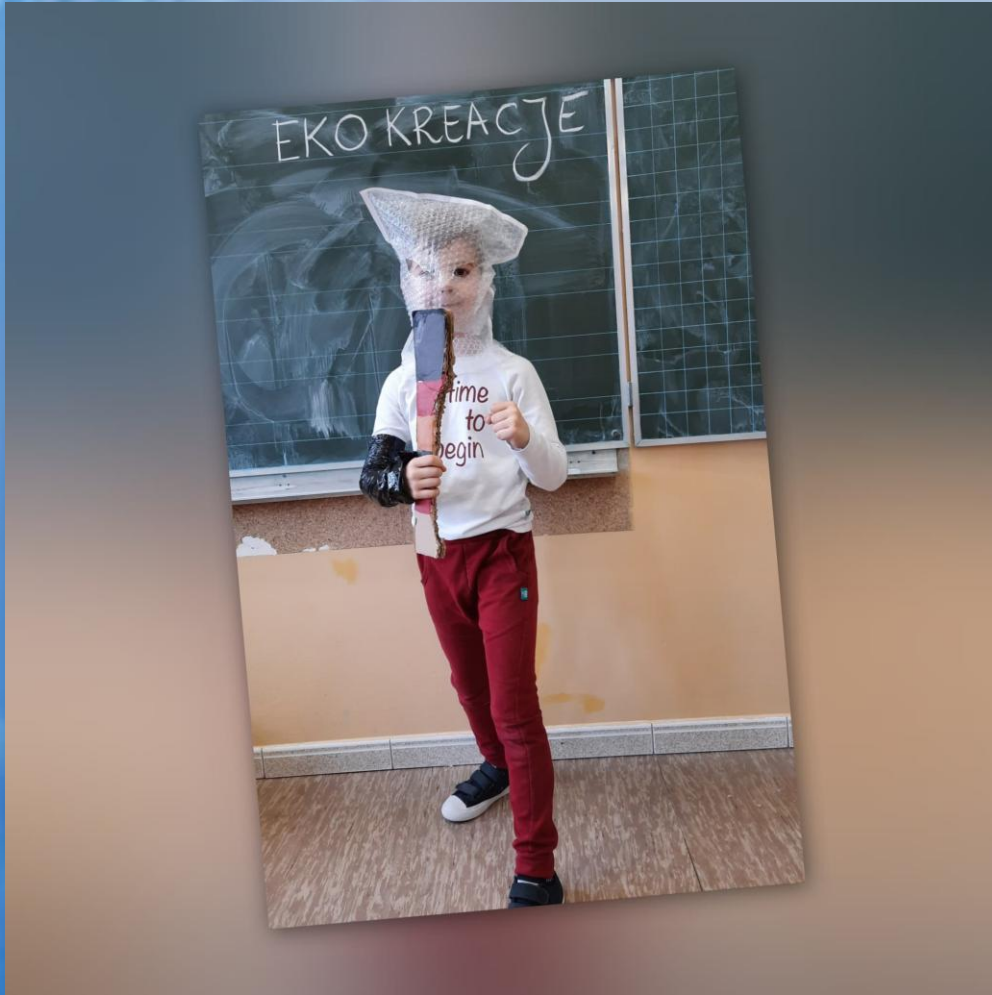

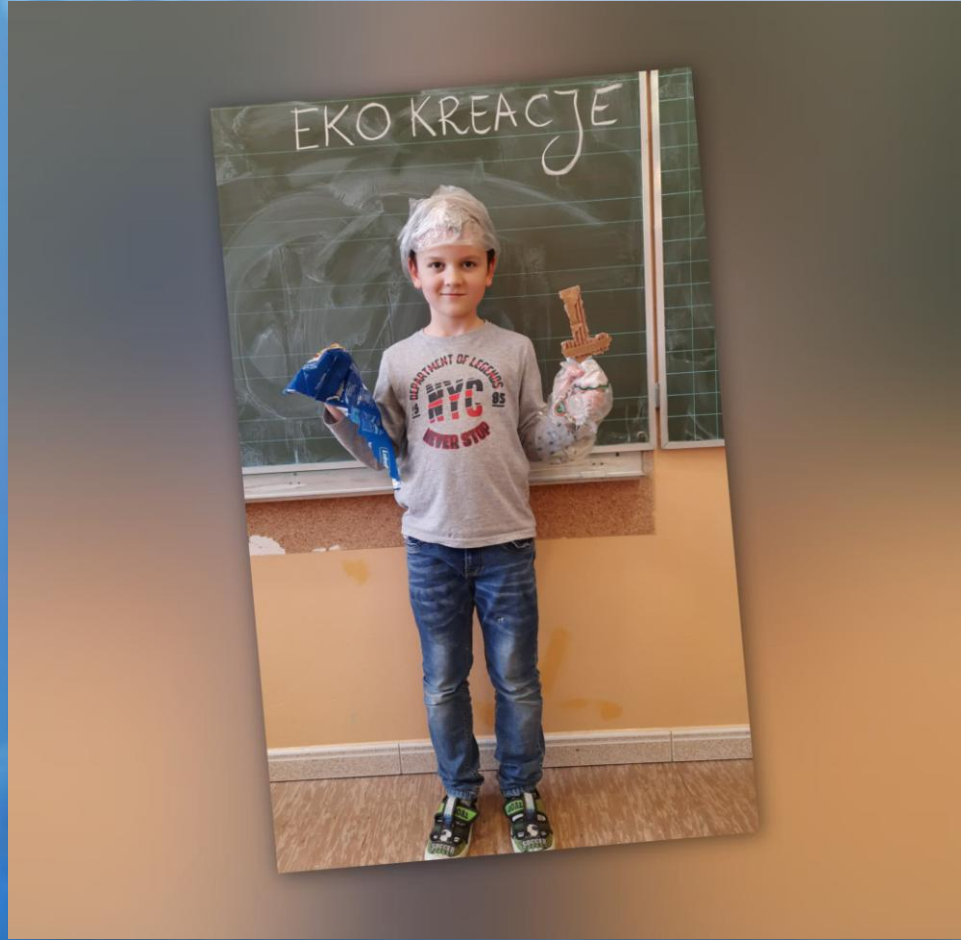

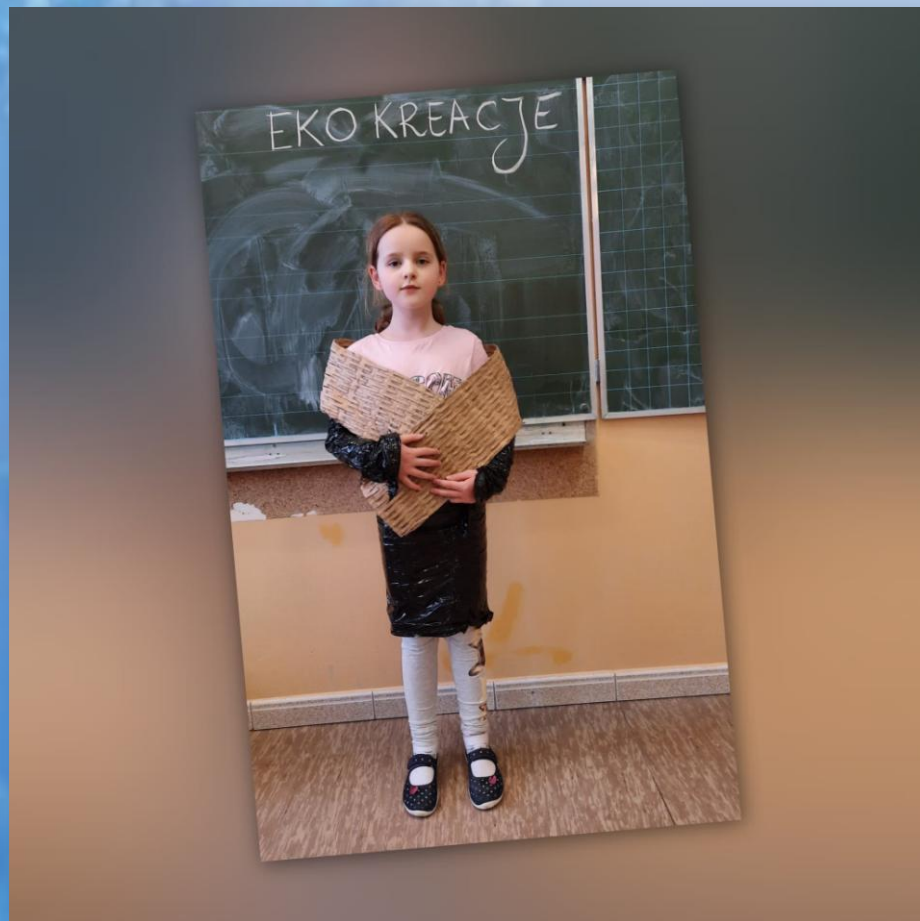

**They presented the effects of their work in an ecological fashion show.**
