

## « The art around us » Milizac Mrs Rebuffat's class 5th grade

Here is an artistic experience inspired by « typographie.ml » and « the ImaginationBox » found on Pinterest.

The pupils had to introduce themselves by drawing their center of interest, favourite colour, favourite subject, vegetables, fruits, movies and so on...

We've worked in English and Art for this project.

It was a good way to get to know each other at the beginning of the school year.

We enjoyed it !
