

Active methods in early education

World Autism Awareness Day

Healthy lifestyle - how much sugar is in the products?

First aid - practice

Be safe on the road – practice.

We decorate our classrooms according to the season.

Every winter we take care of birds by feeding them...

We celebrate Children Day which is on
1st of June by having fun...

We celebrate International Teddy Bear Day.

We have Healthy Eating Day every year at school.

Maths doesn't have to be boring

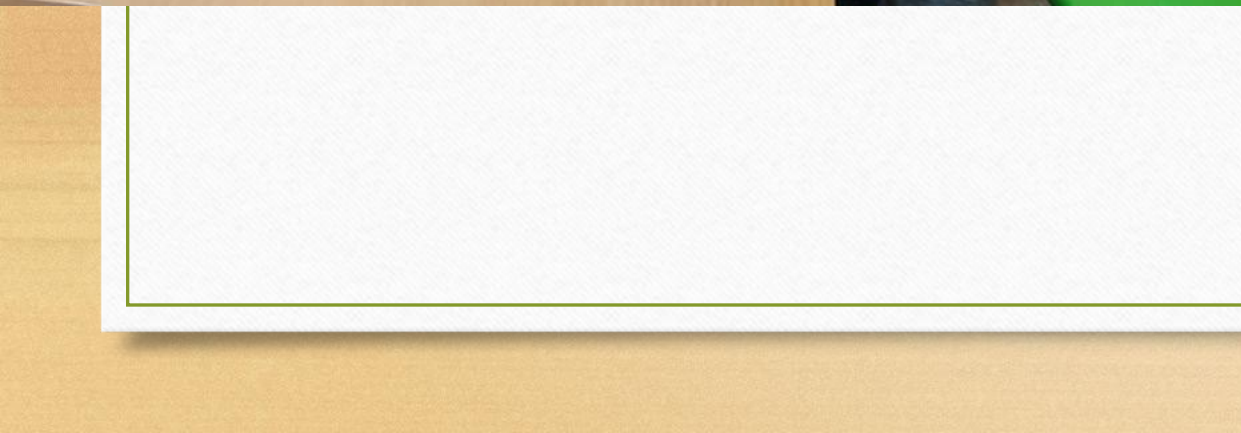

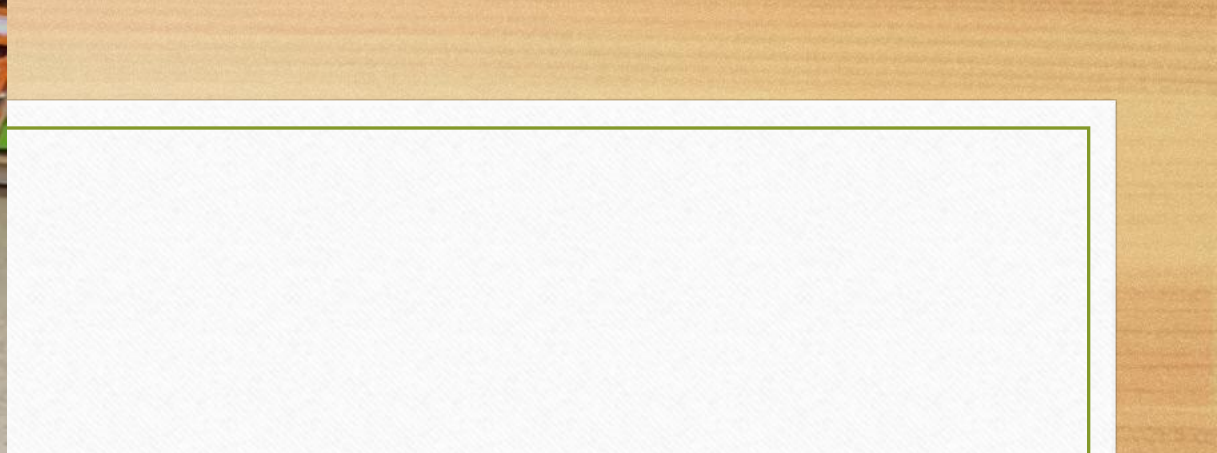

We created the wheel of fortune where we learn about money.

We use tangrams.

During Maths we use our imagination and
logical thinking...

We take care of our environment by cleaning our area, learning about nature, taking care of our plants, observing...

We find out how to do healthy, homemade butter.

Where is the day and where is the night in the world?

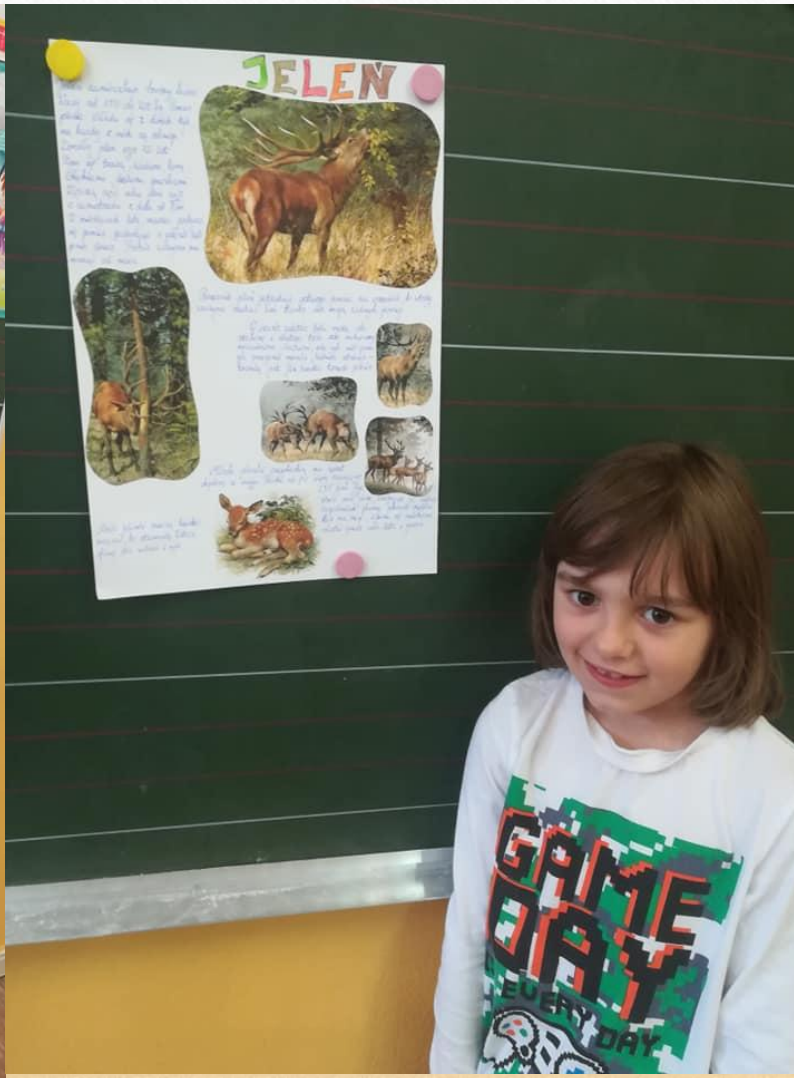

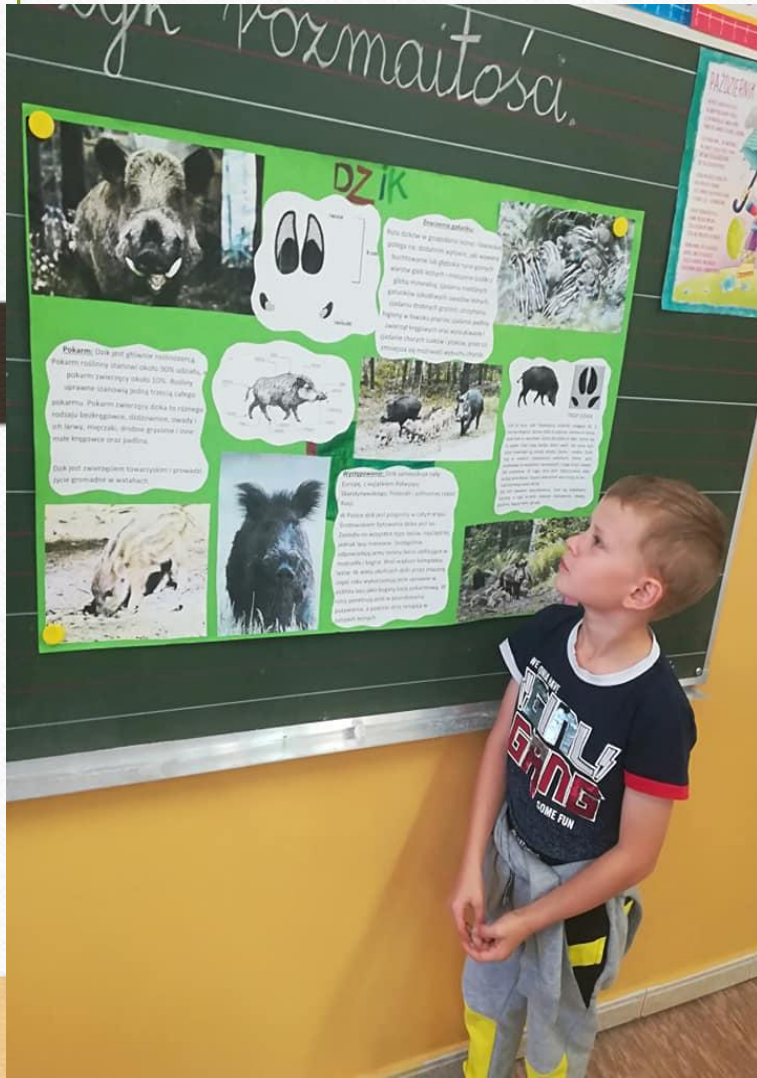

Experiments...

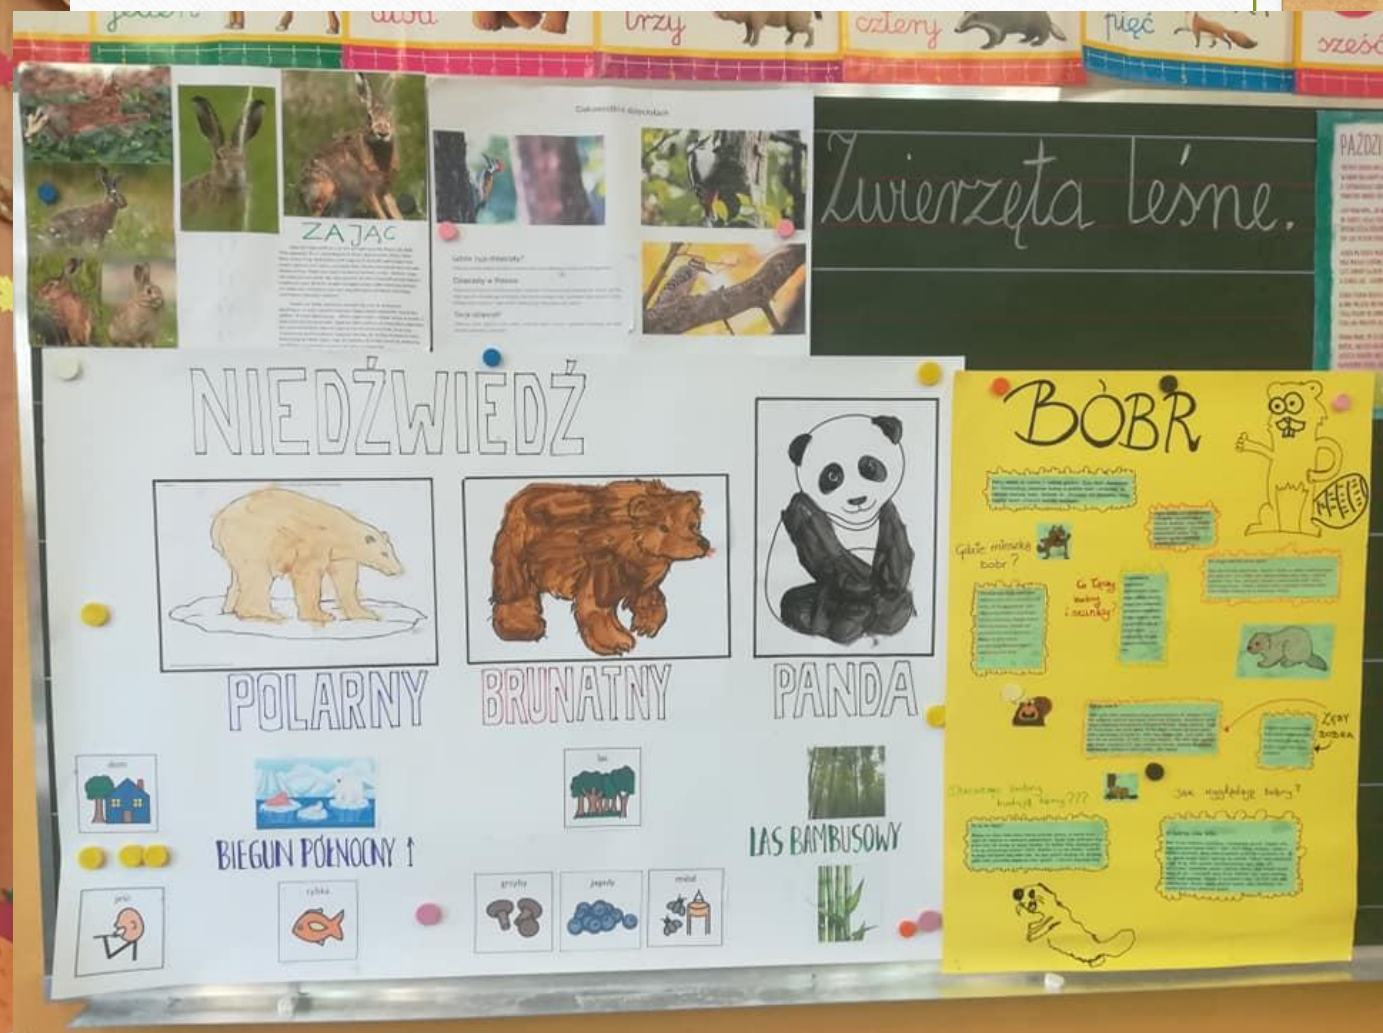

We learn about the world by our senses...

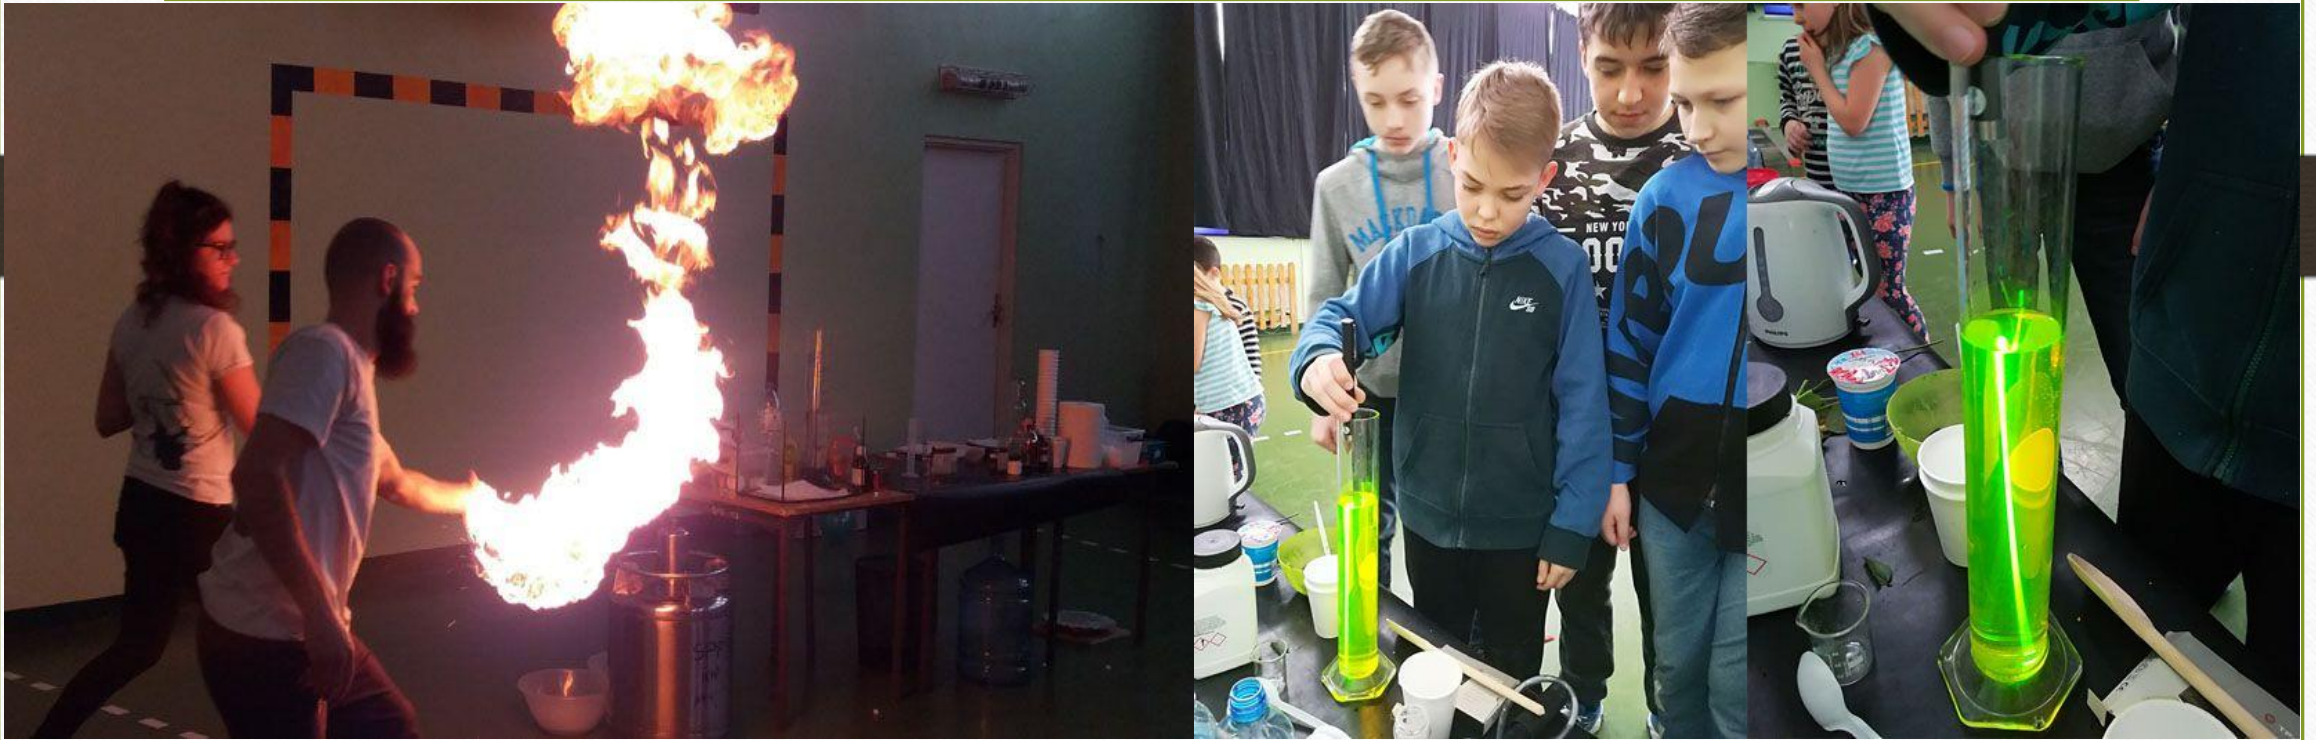

Children do projects about animals.

Our school invites many interesting people like scientists who show kids physics and chemistry by experiments...

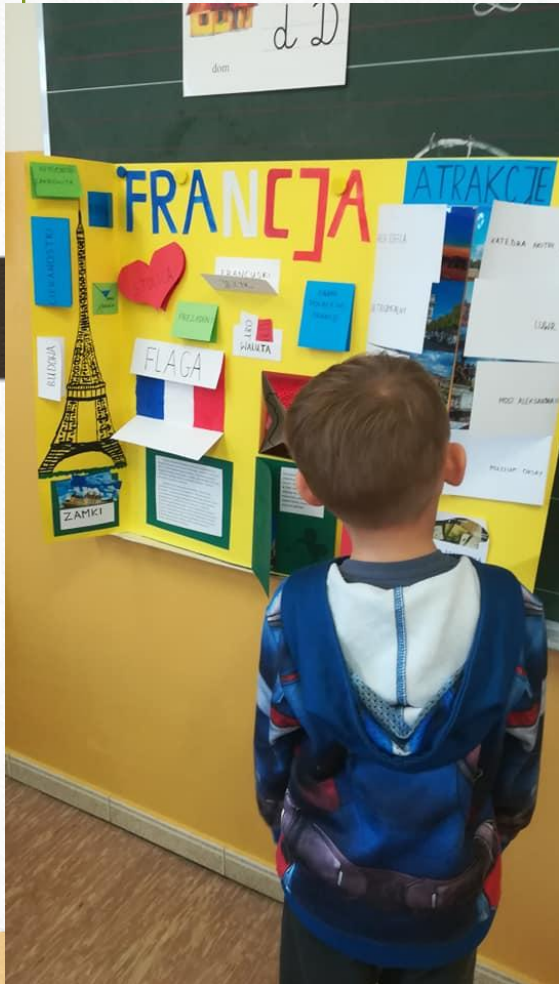

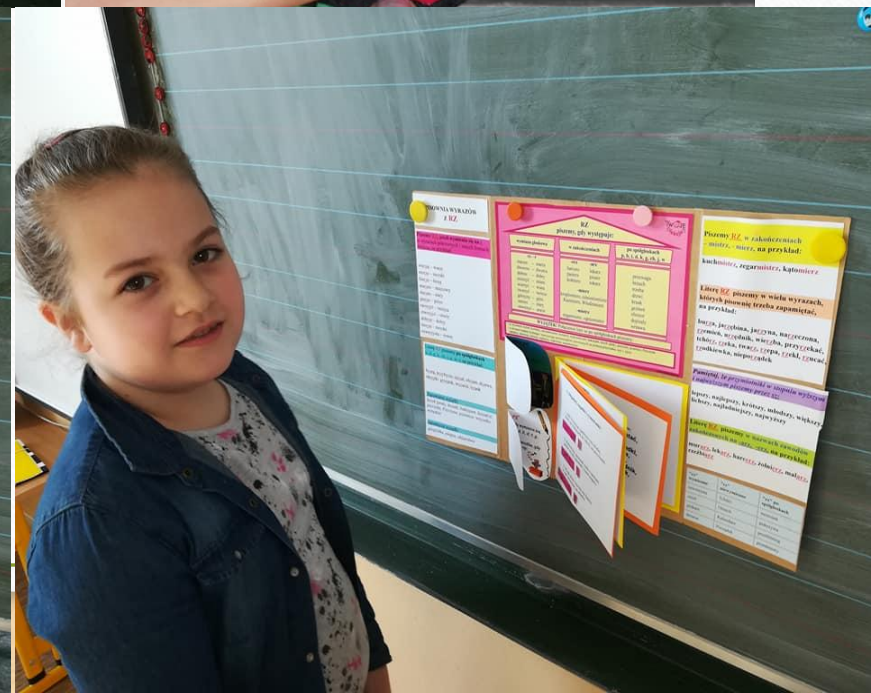

We also do experiments in our classroom,
we draw conclusions.

We do lapbooks which is interesting form of learning about the world...

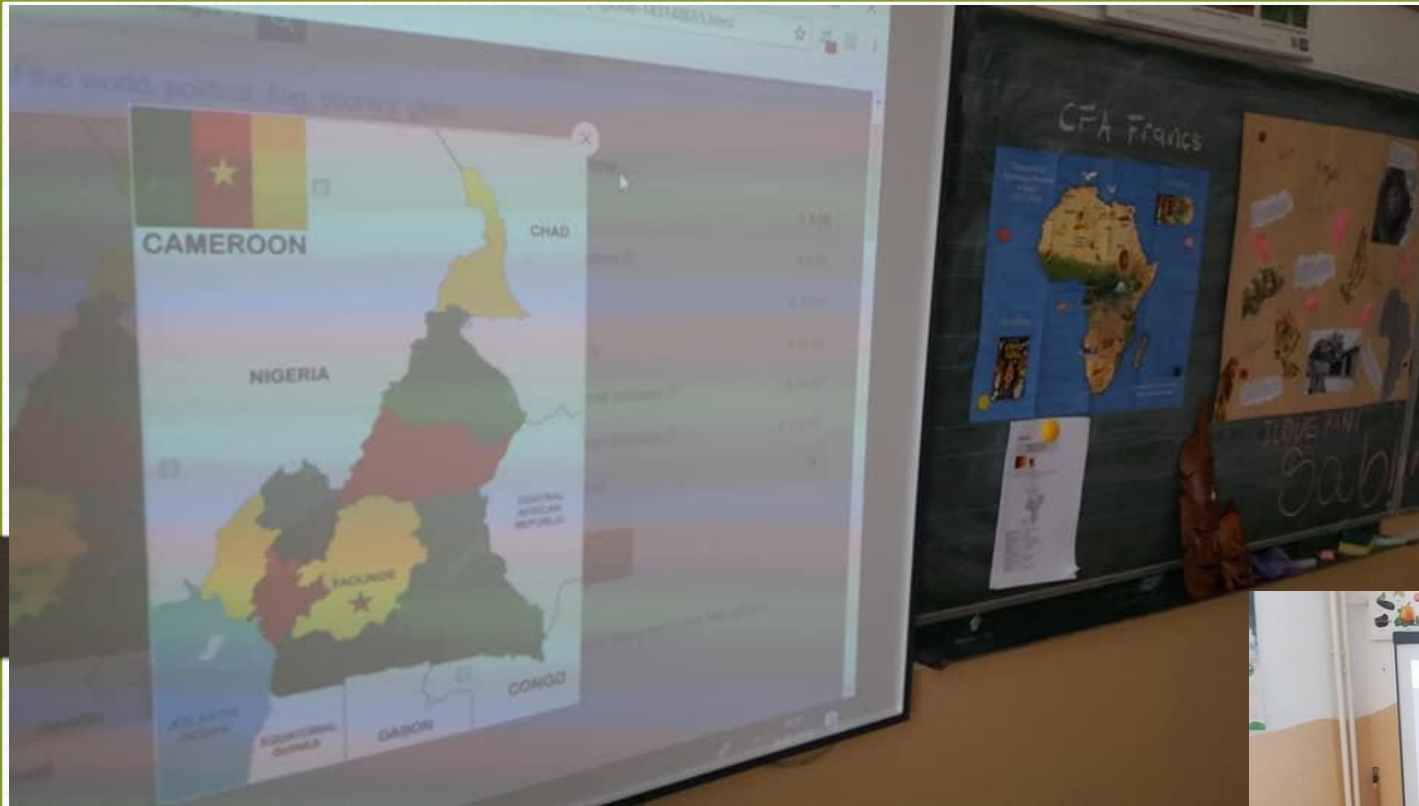

We do open classes for our guests...

We discuss about our setbooks in many ways:
by inviting interesting people, by creating the
court to judge the behaviour of the characters
from the books etc...

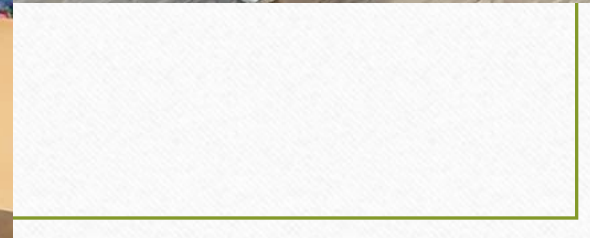

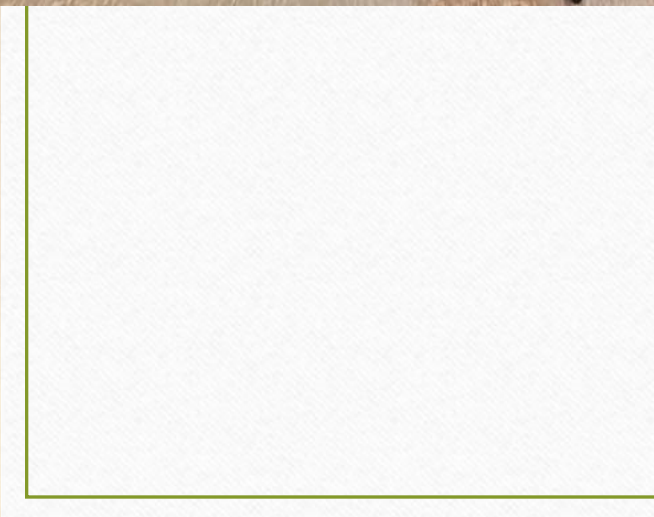

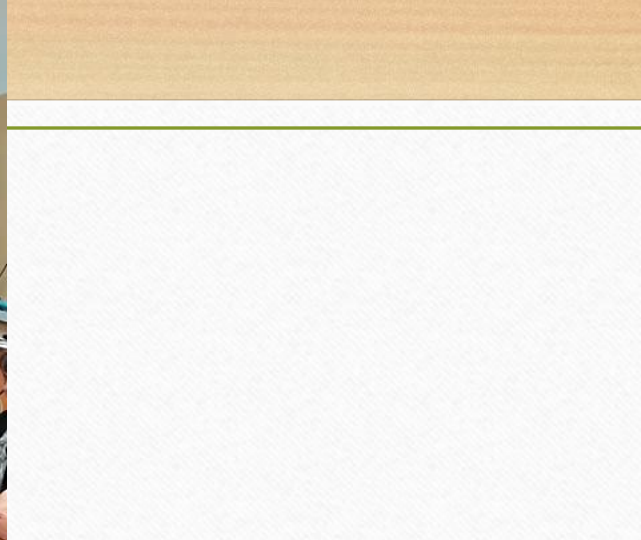

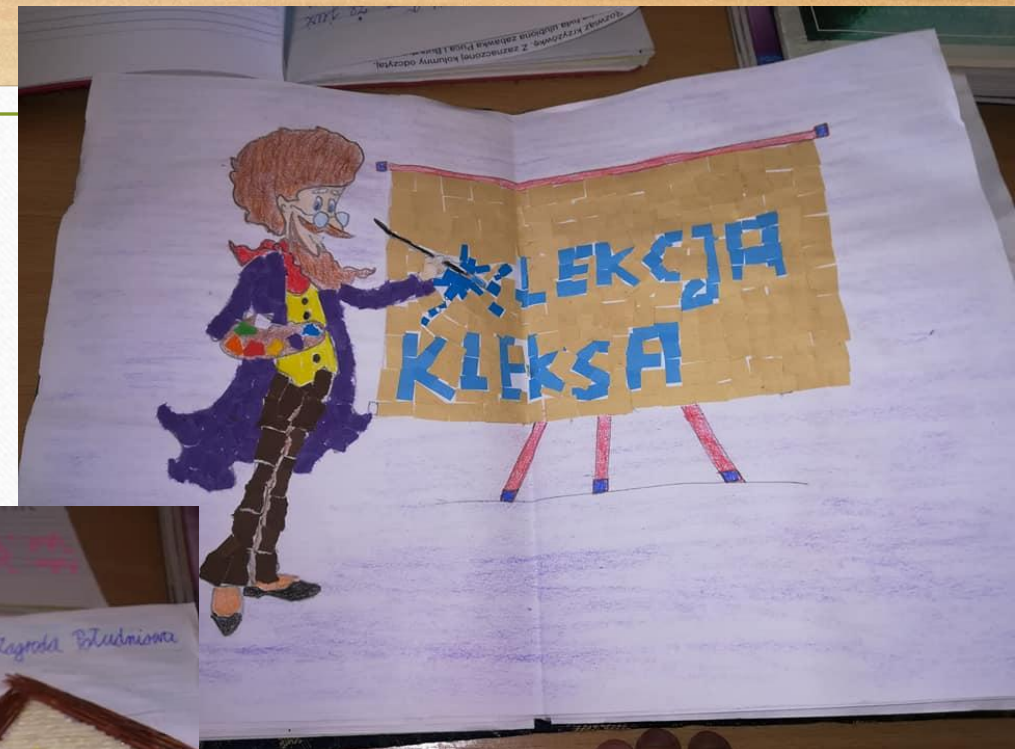

We are patriots, we learn about the
history of our country, we celebrate
Independence Polish Day,
Constitution Day

We learn about our health and prophylaxis.

We learn about many professions...

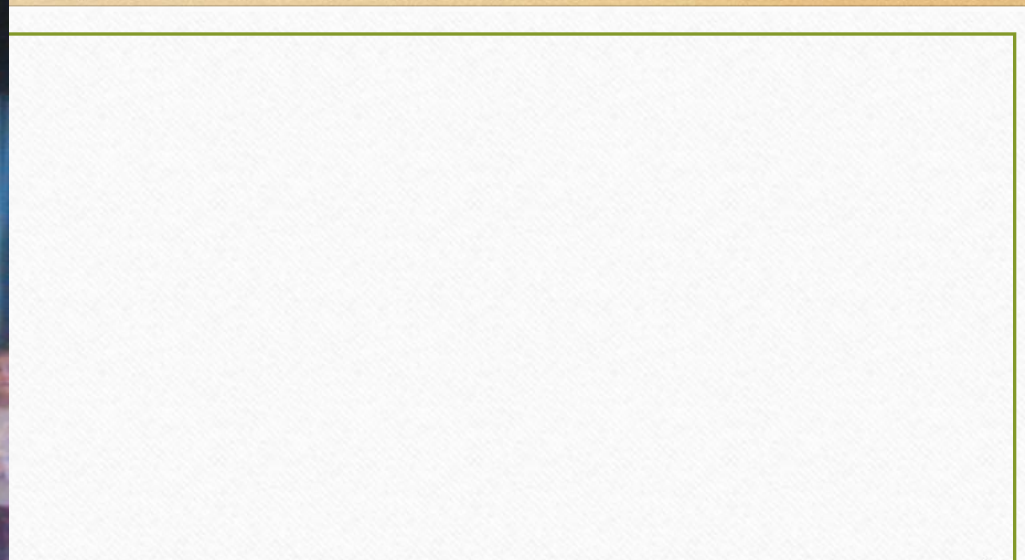

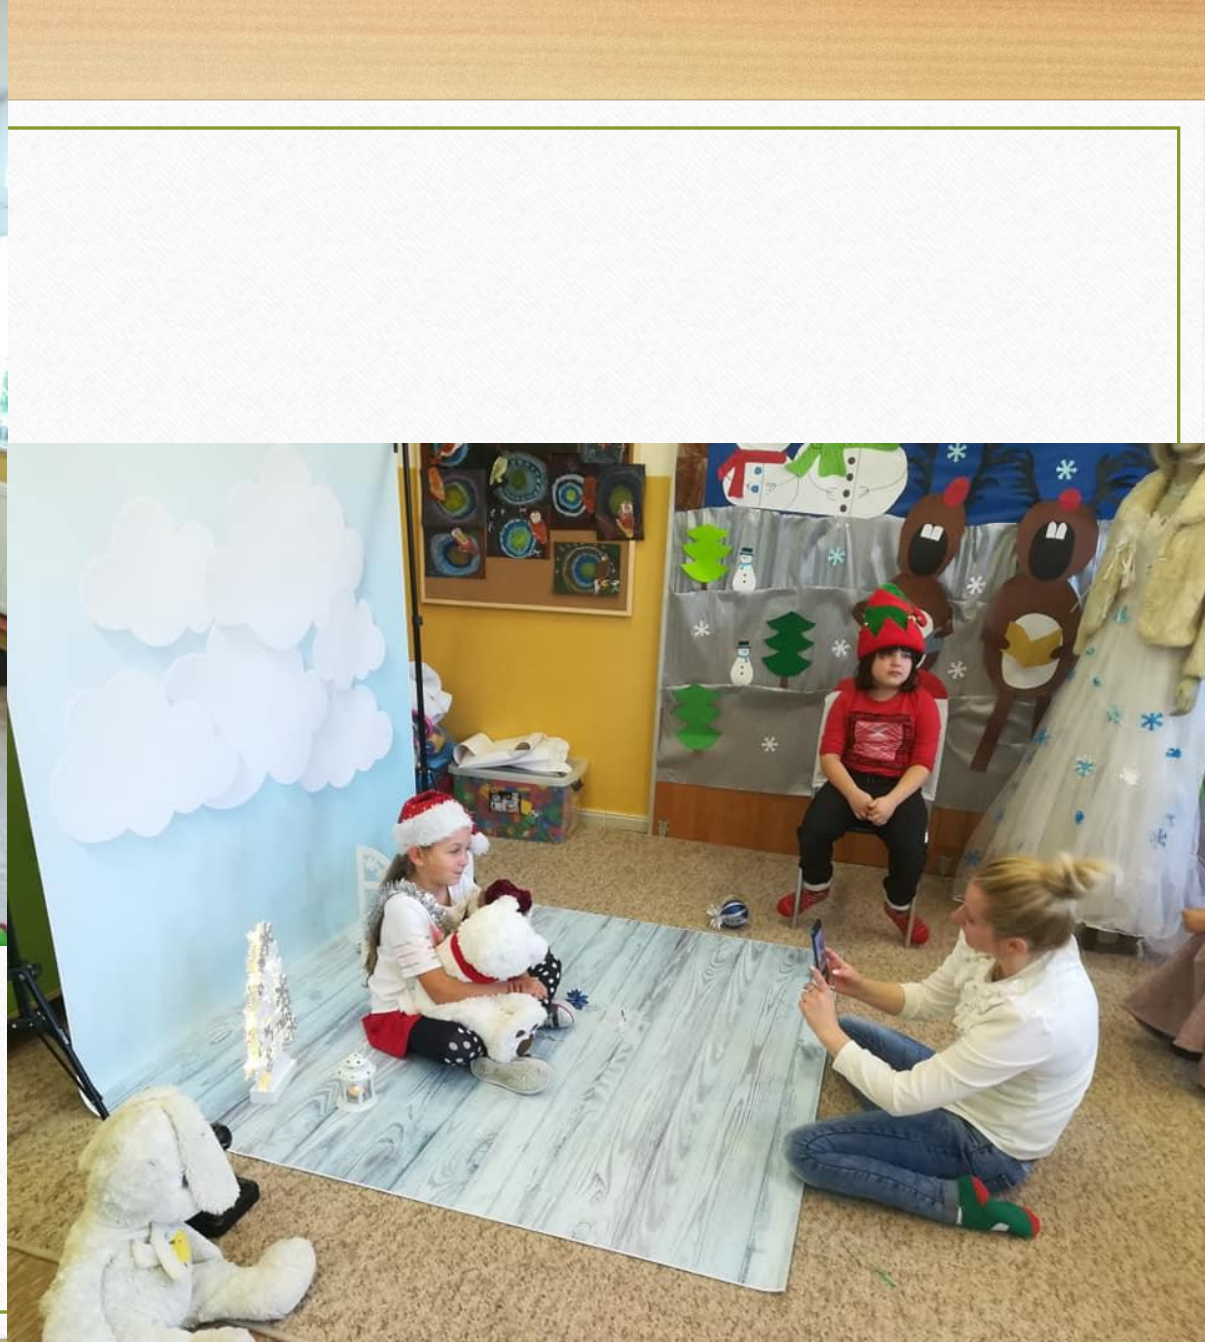

We learn about other cultures.

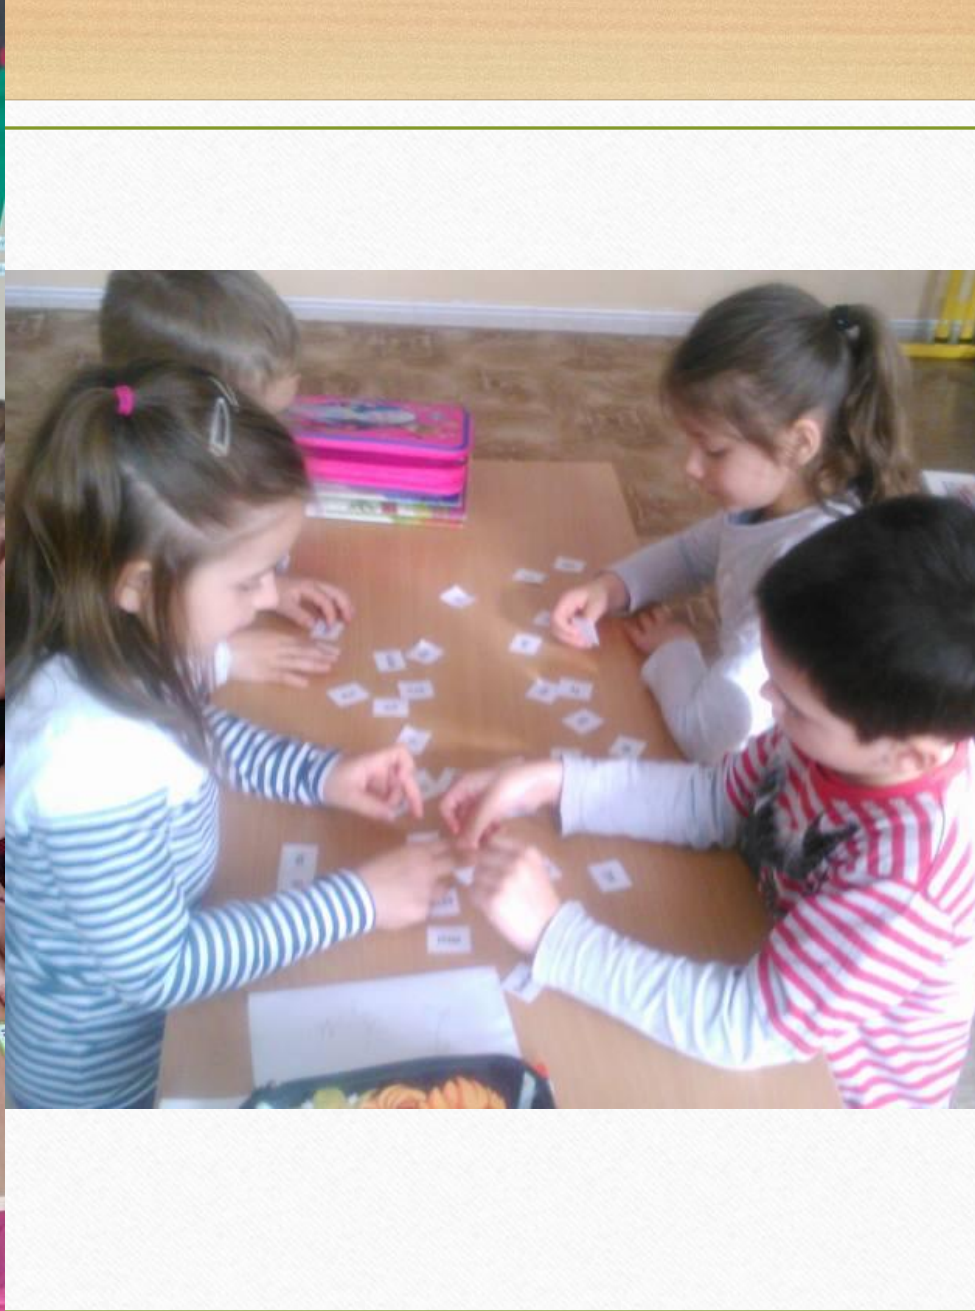

We work in groups, so we learn how to cooperate.

Breeds of the dogs and cats...

We promote outdoor activities during winter holidays.

We visit and help the local animals' shelter.

We spend much time around the nature...

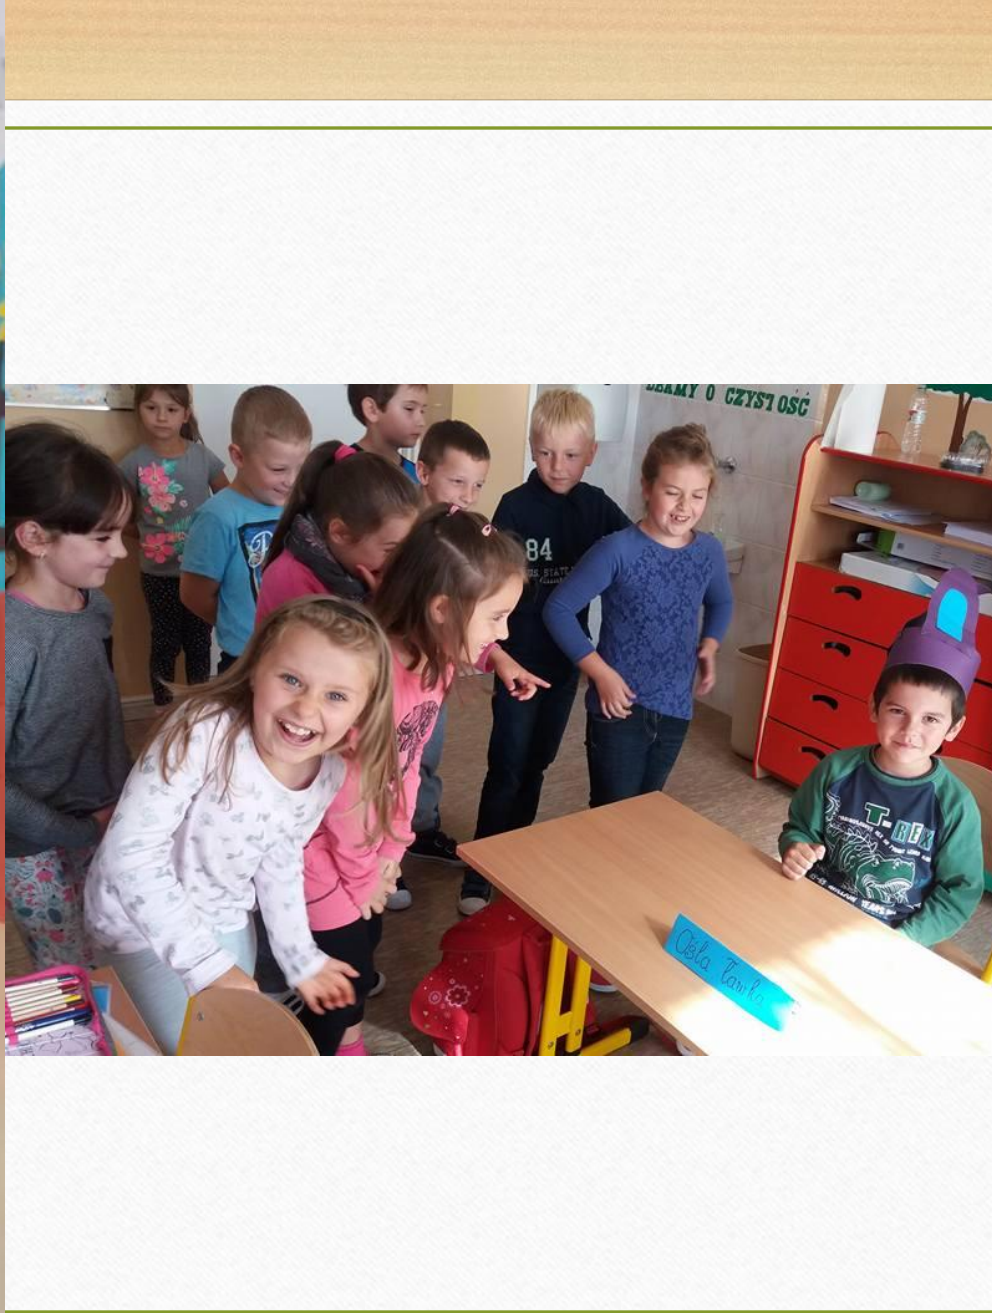

Children learn about school back in the days
and talk about differences...

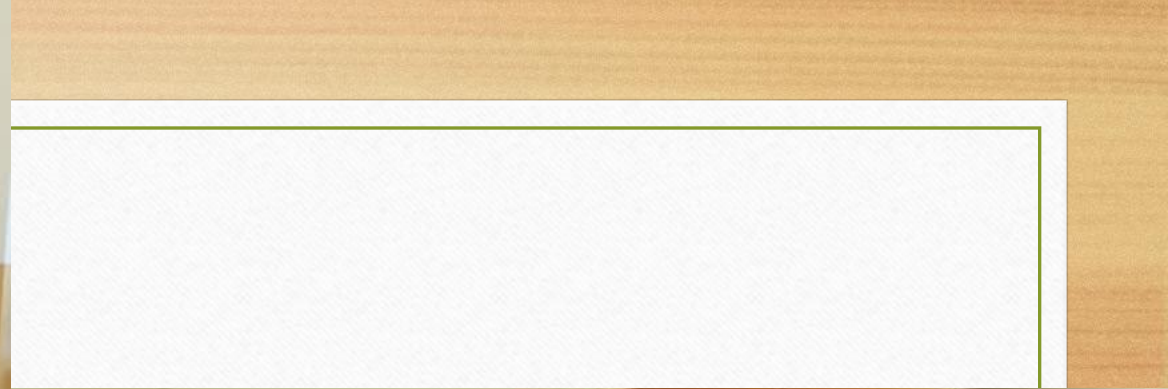

We take care of our tradition also
during Christmas time.

The magic of theatre...

∞ AI QUAD CAMERA

We use a variety techniques of art.

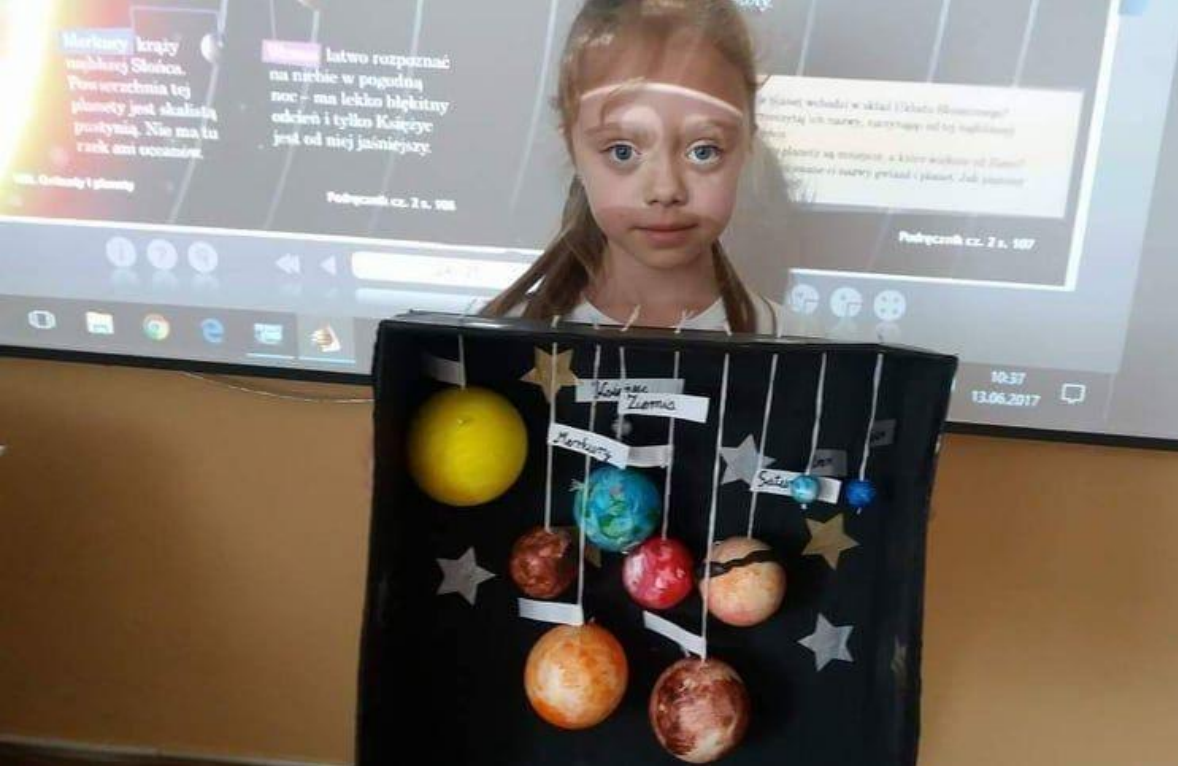

We take part in technical workshops.

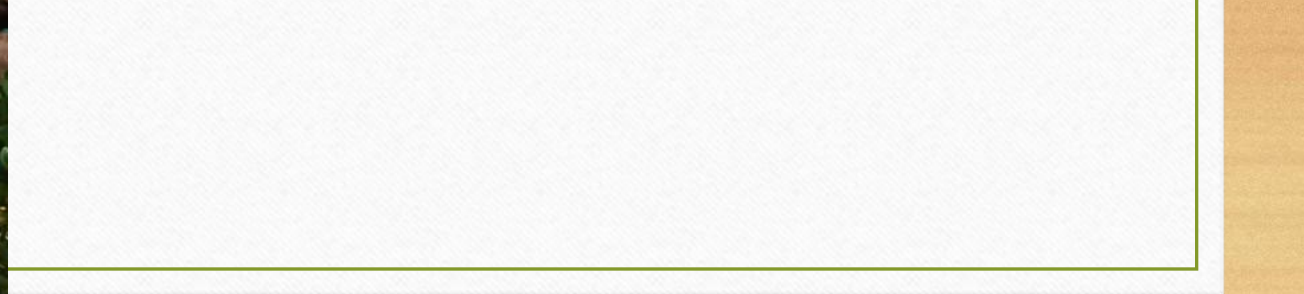

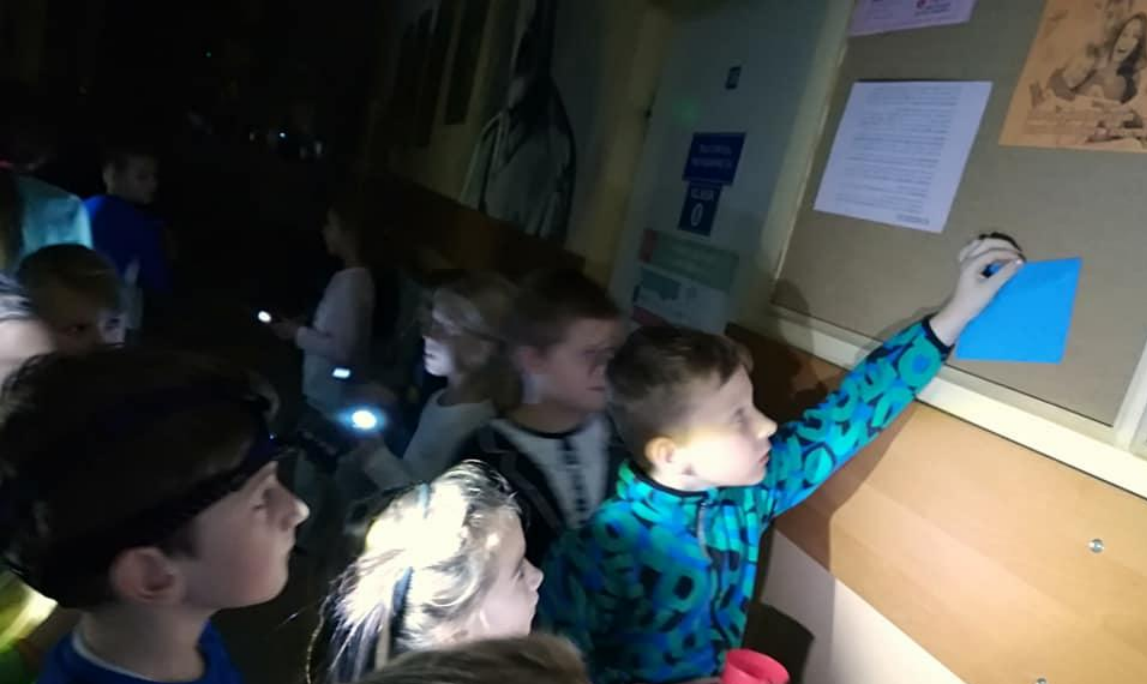

We promote reading by organising reading evenings at school.

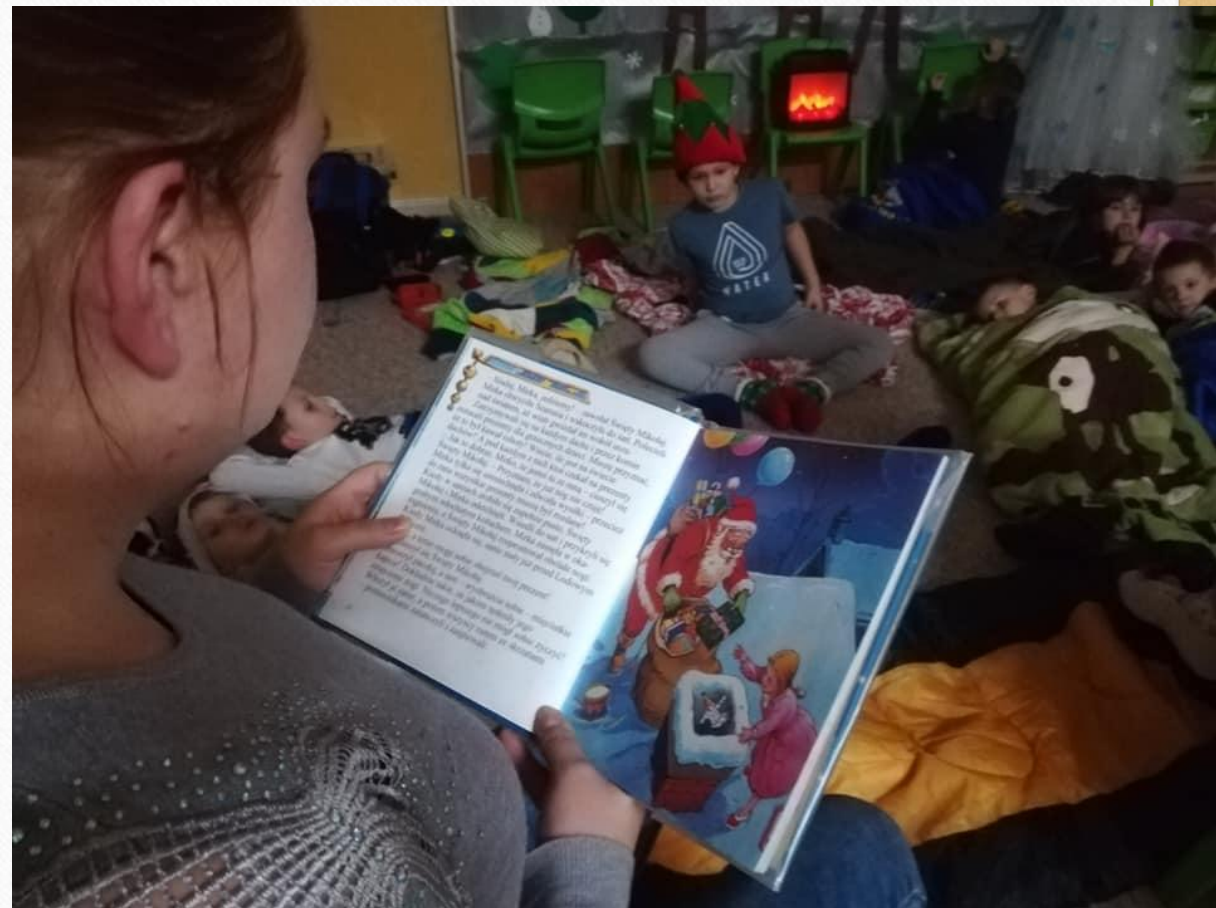

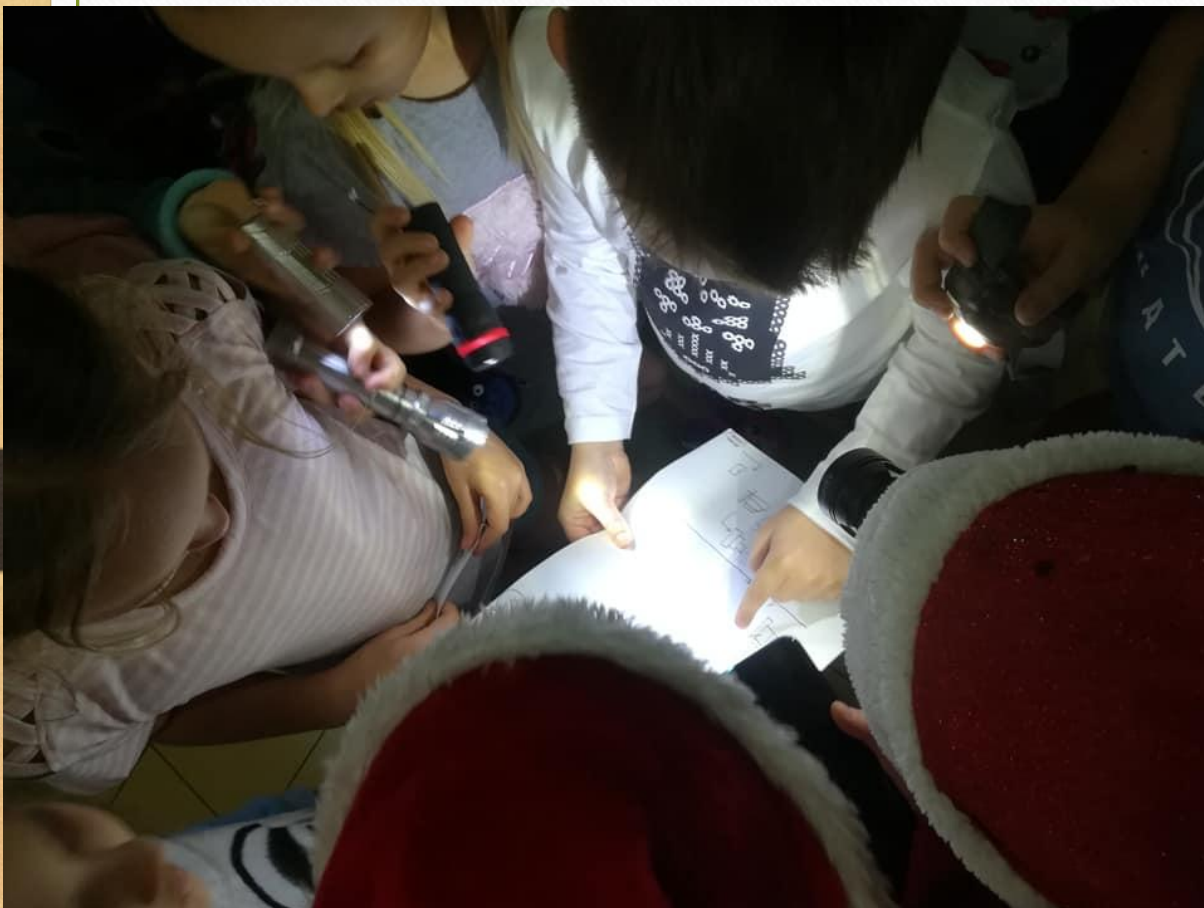

We also promote reading by visiting bookshops.

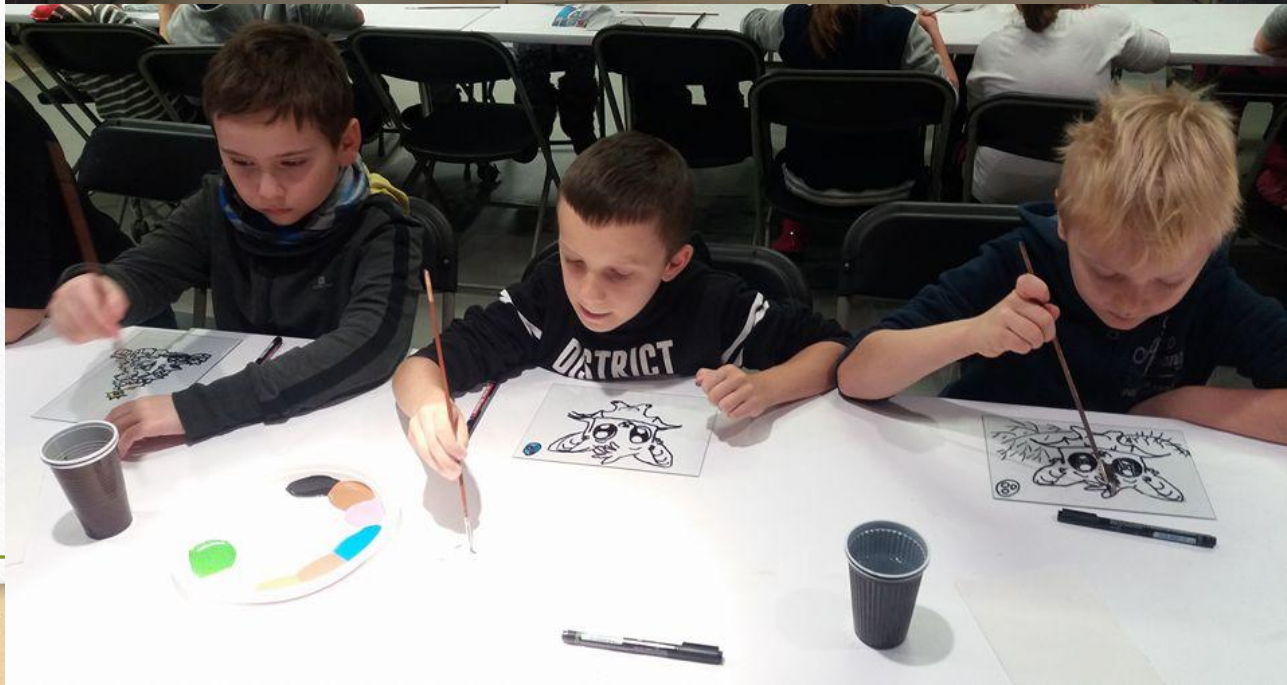

...and by invting our students' parents to read them books.

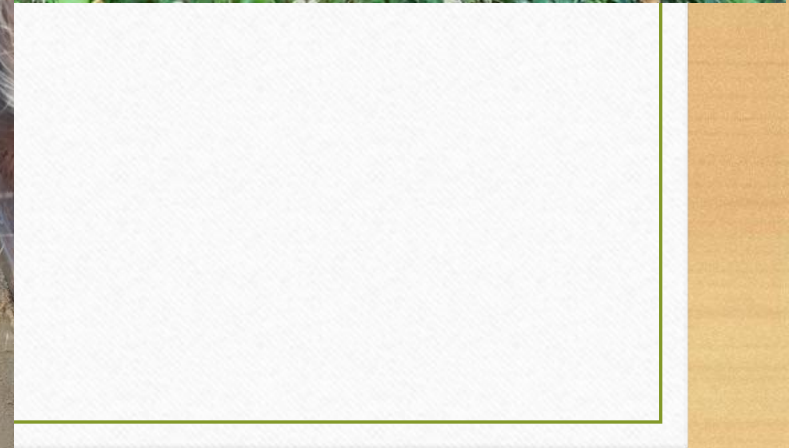

We go for school trips to many interesting places.

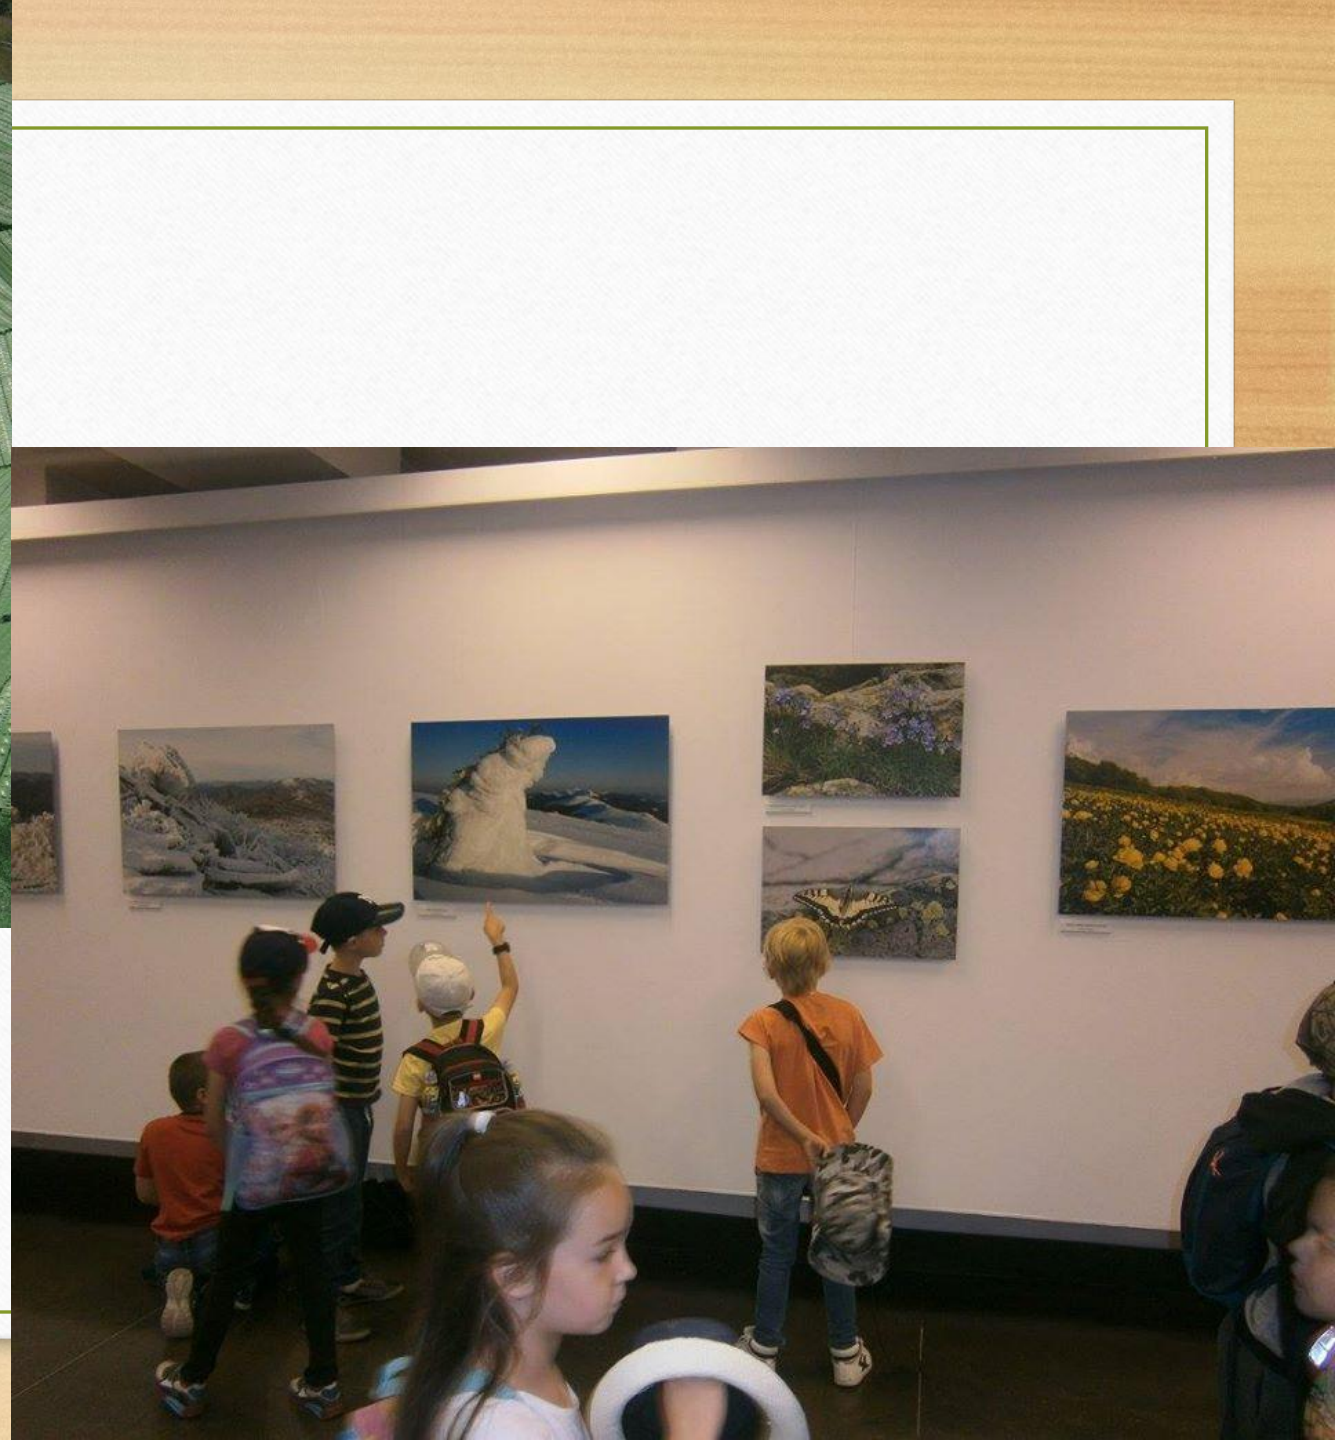

School's Talent Show..

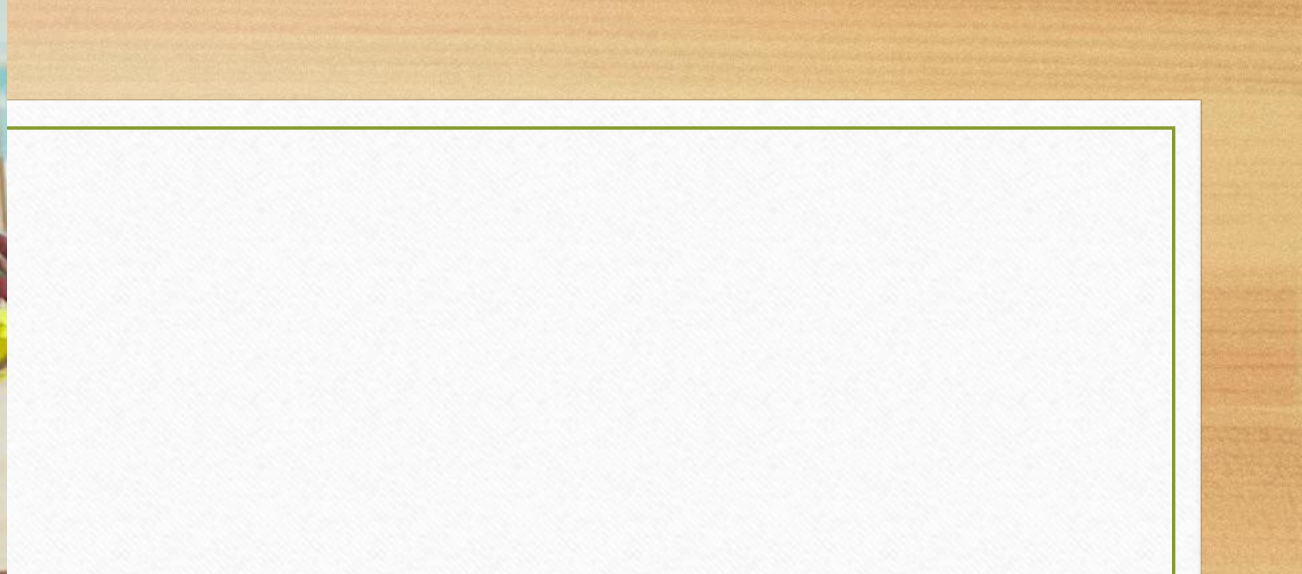

Entertainings, shows...

SANOK.PL

Carnaval and polish traditional „andrzejki”.

There is an art contest about our school's patron Jean Paul II in our school.

We learn about our roots – family trees.

International Dot Day.
