# Carnaval

We organize Carnival Party at our school. Erasmus + program was inspiration for this year preparation.

All decorations were in colours of Partners' flags. So red-white-yellow-blue and green were everywhere.

We started with old Polish tradition **Polonez**- the dance which was held in all self-respecting manor houses.

We did not forget about **samba**, **salsa** and **cha cha** which were danced by professional dancers and later taught to all participants.

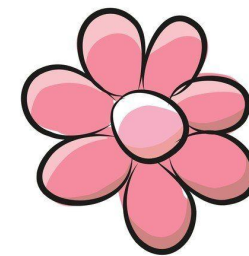

We also learned how to dance  
**TARANTELLA** **Napoletana** and  
**Siciliana**, which made as feel like in  
real Italian party

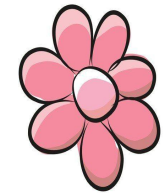

Another attraction on this year  
**Carnival** was the costume contest.  
We could meet Puss in Boots,  
pirates, Mime, Musketeer, Zorro,  
Spanish girls and many more.

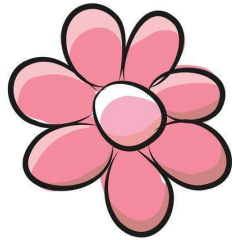

During the party we had a great fiesta with cakes, cookies, fruity tell-o, hot chocolate and all kinds of drinks. At the end we invited delicious Italian Pizza.

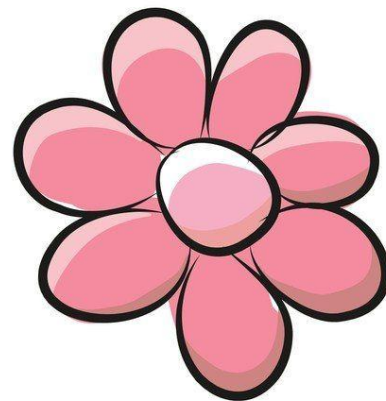

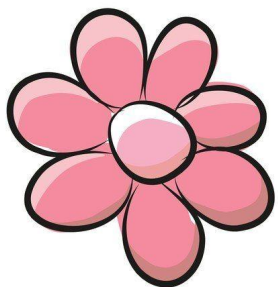

Our Europeans Carnival was great opportunity to feel like we were in Venice, Nice, Andalusia or Cracow and Warsaw. We enjoyed the time spent together in our school

**THE END**
