

Know the world, know you

Spanish projects

- Dissemination

- The piece of news related to the approval of this project was published in all the social media of the school.

- Presentation on our school

- The Spanish teachers José Luis Laín and Luz María Yepes presented the educational situation of our school, our city and our country to the rest of the members during the meeting in Sanok (Poland).

- Webpage (English version)

- The Spanish team was responsible for creating and launching the website, where all the pieces of new and newness related to the project should be uploaded.

- Survey on the students' interests

- The students in 5th and 6th grades made a brief digital survey in which they expressed their interests regarding the main guidelines of the project: talents, creativity, leisure time, hobbies...

- Logo contest

- The students from the 3rd to the 6th grades participated in the contest in order to choose the winner in Spain. All of them participated with enthusiasm, showing their artistic and creative skills.

- History in Legend:

- The students will work cooperatively in order to create presentations on the most famous legends in our country. They will share them with the rest of the members on eTwinning platform.

- Exchanging of postcards:

- 5th and 6th grade students have already exchanged some letters and postcards with some students of the other European mates. They have shared their likes, hobbies and some curiosities and cultural topics establishing a relationship through their second language (English).

- Art aroundus:

- Students could develop their artistic qualities and their creative and musical capacity through a scholar show of Christmas carols.

- We are Europeans:

- Spanish students celebrated the European character Saint John Bosco. He was an Italian person who founded all the salesian schools (like ours) all around the world.

- Nature's treasure:

- The youngest students of the school went in search of adventures to the natural park "Dehesa Boyal". There, thanks to the collaboration of a guide of the town hall, they could discover what the environment which is around us offers.

- I read, so I'm here:

- The students of 5th and 6th grade, in the language subject, are participating in a new reading plan called "Reading sips". Thanks to this activity, they can share and motivate their classmates with new titles and reading suggestions.

- I've got talent:

- All the students of nursery and primary school participated in a great show at the theatre of the school where, throughout different performances and dances, they could show their artistic qualities.
